PROFESSIONAL LIVE ENTERTAINMENT CUSTOMIZED FOR YOUR EVENT

The key to a successful event is entertainment. And with so many choices out there it can be difficult to know what entertainment will make your event – an EVENT to remember. Steve Pro and The Ticket is the ticket to a great night!

www.theticketband.net

THAT'S THE TICKET!!!

With so many choices in entertainment, making the right choice can feel overwhelming. DJ or Band? A Rock Band or a Country Band? Big Band or Swing Band? Motown or the Club sound? Who says you can't have it all?

There is an excitement, an atmosphere that happens when you have a live band, something that is very difficult for a lone DJ standing behind a computer screen can provide. However, many bands limit themselves to one genre of music and many people are left out. In the digital age, musical diversity is imperative so everyone can participate.

Steve Pro and the Ticket perform - in every sense of the word. Every show is high energy, entertaining and gets everyone involved. We also provide a dedicated DJ to keep your party hopping when the band isn't playing and ready to play just about any songs the band might've missed.

The Ticket is a professional live entertainment provider that caters our service to you and your guests beginning with initial consultation. With no obligation, we will sit down with you and go over all the aspects of your event. We will go over the guest list to make sure there is something for everyone. Your guests who are singers and musicians would be identified and we might plan for song they might like to perform with the band. We will create a theme of music or even a unique song list for your event. Together, we will create a night to remember.

CUSTOMIZE THE BAND

The line-up of the band can be altered to fit your theme, or budget.

The base band consists of eight musicians: two singers (one male and one female), a keyboardist, guitarist, bassist, drummer and a horn section, however it can be changed to fit your needs.

Things we have done for clients in the past includes adding a conga player for a Latin theme, exchanged the horn players for a steel guitar player for a Country music theme, and we often perform without the horn section to help meet your budgetary needs.

We can also provide a piano or guitar player, or a piano and sax duet, or even a full jazz combo for your social hour or ceremony, so please don't hesitate to ask about any other possible combination. We will customize for you.
